

**MINUTES OF THE GENERAL MEETING
OF TUESDAY, JAN. 3, 1984**

The meeting was held at 8 p.m. at the shops of Rogers Custom Optiks.

Outgoing President Paul Walker introduced those newly elected board members in attendance: President Craig Shurr, Secretary Bob Schmidt, Board Member John Cooner and Student Representative Brett Ohnstad.

Also elected: Vice President Tony Nelson, Board Member Kay Sproll and Treasurer Florence Gleason.

Larry Rogers, president of Rogers Custom Optiks, was our host.

Mr. Rogers as a tool die maker and was subsequently employed by E & W Optical Co. before starting Rogers Custom Optiks. His experience as a tool die maker and his years of finishing glass for E & W are now being used to make some very exotic glass and ceramic products for science and industry. Many items which have been made at the shop were on display.

After Mr. Rogers described his experiences and discussed some of the products on display, the tour moved to the work shops. Many machines, from brute force to gentle finesse, are there.

Mr. Rogers described the workings of most and several were demonstrated. It was an interesting and informative visit, especially for the amateur opticians among the 22 MAS members on the tour.--Respectfully submitted, Bob Schmidt, secretary

OFFICERS

President
Craig Shurr 922-3752
3917 Vincent Ave. S., Mpls., MN 55410
