

a promotion for the members to be aware of it and to say that there will be a catalog as soon as there are shelves enough to put all of the society's materials on.

Paula Gunderson announced that Astronaut Charles Walker will give a presentation at the Science Museum of Minnesota on Tuesday, May 7, 1985 at 8:00 P.M.

A motion was made, seconded, and carried: That we forego the film program.

Tony Nelson announced that we will not be able to have Astronomy Day in any of the DALES this year. (DALES is a generic term for shopping mall)

It was asked if personal telescopes could be stored at our (when we have it) observatory. The answer: probably not, due to insurance.

Meeting adjourned at 9:49 P.M.

Respectfully submitted,

Robert H. Schmidt, Secretary

Toward the end of the April meeting the idea evolved to have a star party out at the Baylor site as soon as practical to show our support. For several reasons an April star party at Baylor was ruled out. However, May is much more practical. The current plan of action is to have a star party out at the Baylor site on Friday, May 17th (with Saturday, May 18th as the backup in case of bad weather). As always call Lauren Nelson (644-1254) in case of uncertain weather. Please try to attend if possible to show our support for this site. As of yet no maps have been prepared so please use the following directions:

BAYLOR REGIONAL PARK: Take Highway 5 southwest towards Young America, 7 to 8 miles southwest of Waconia take Co. Rd. 34 west 0.5 miles to Co. Rd. 33 north 2.5 miles to park entrance.

Please note that Bryan Williams, Jr. is the student representative and not Brett Ohnstad as reported in last month's Gemini. My apologies to both gentlemen for this error.
